

PHEAA Access Partners are available for one-on-one virtual Free Application for Federal Student Aid (FAFSA®) sessions every [redacted]. This opportunity is available to **the public including families and high school counselors who need assistance with completing the FAFSA.**

In order to give students and families more flexibility due to the FAFSA processing delays this year, PHEAA has extended the **submission deadline for the Free Application for Federal Student Aid (FAFSA), with relation to the PA State Grant Program, to June 1, 2024.**

FAFSA completion is one of the most important steps students can take to find funding for their postsecondary education, including aid from the federal government, state government, and most postsecondary schools.

Have a FAFSA question or need one-on-one FAFSA support? Schedule a virtual FAFSA Session for any Wednesday in May. Call or text to connect with the PHEAA Access Partner who is serving your region.
